

EXEL ANGLING CLUB

Hi All

With the start of our 2018 season approaching I thought I better give you some information I think you should be aware of.

Our first match is on Sunday April 22nd on the Kingsbury AC stretch of the Birmingham/Warwick Junction Canal with parking in either Argyle Street or Wharton Street, Nechells. **When parking please do not obstruct any business entrances that are along both street's.** The entrance to the canal is on the corner of where the two street's meet with a short walk to the canal towpath.

Myself and John Male have visited the canal (not to fish) and it has peg numbers but unfortunately some of these are missing. So we have decided that I will arrive a bit earlier and use our own numbers to peg out (I'm sure someone will volunteer to give me a hand). The three pegs closest to the entrance will be for the Blue Badge Brigade and we will make the draw on the towpath at 08.00. It is a typical urban canal that widens in places and there are overhanging trees in some of the pegs, the guy from Kingsbury AC told me that all usual canal baits work and on it's day fishes very well (we will see).

2018 Presentation Evening will take place on Saturday November 17th at the Great Barr Club.

Dates for your diary
